10 QURANIC WORDS A DAY CHALLENGE

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

The purpose of this document is to help Muslims understand the language of the Qur'an & build their Qur'anic vocabulary so that they can better understand the words of Allah & find greater enjoyment in their Ibadah, inshaAllah.

This document lists all the words that appear in the Holy Qur'an. The words are arranged in decreasing order of frequency.

Though there are a total of 77,429 words in the Holy Qur'an, these can be reduced to 4,845 words after removing all the duplicates, and various conjugations of the same word.

Some words might appear twice if they have a different meaning. Some words might have the same root word but are listed multiple times if they have a different grammatical context.

10 QURANIC WORDS A DAY CHALLENGE

It is hoped that if one memorises 10 words a day over 30 Days, they will be able to understand 70% of Quranic Words, InshaAllah

This work is not free of any mistakes and is continuously being updated for corrections.

We acknowledge the work of quran.ilmsummit.org and the original creators of the “Quran Word Frequency” document in this challenge.
